

Piano Ensemble Music Club

Objective of the Organization

To promote friendship and teamwork through the transforming beauty of piano ensemble music, such as piano duos, trios, quintets and concertos, and to use the power of music for the benefit of the community.

Formation of Piano Ensemble Club (The “PEM Club”)

The PEM Club is organized so that more people are involved in the piano ensemble music activities throughout the year. The PEM Club members will discover and explore the rich repertoire of piano ensemble music. The PEM Club will invite a world-class artist for a master class to study how to blend piano sound with other instruments and voice. Members will hold a benefit concert and contribute their talents for the benefit of the community. The PEM Club will also distribute call-for-applicants for the KPMF season events, such as the 3rd International Piano Music Festival in June, 2010. The members will meet from time to time to prepare for the events provided by the PEM Club and the KPMF season program.

We already identified a location, Almaden Neighborhood Church, 19550 McKean Road, San Jose, CA 95120, as the home for the PEM Club. They kindly let us maintain two pianos in the sanctuary.

FY 2009 Schedule

We plan to hold the PEM Club kick-off meeting, which is followed by an orientation meeting that discusses the repertoire, schedule, and application process for the benefit concert

in the fall and the master class in the winter.

We plan to provide an orientation meeting several months before an event so that the applicants have enough time to prepare for a performance. We will work with a music store to make the scores available at the orientation meetings.

To Become a Member

The members are from all age groups. The Club will be a member-based organization. Please attend the kick-off meeting to find out more about this exciting piano ensemble club.

Working with a Master Artist

KPMF will assist members to have an opportunity to invite a world-class master artist for studying piano ensemble music together.
